Comments from LIFE alumni

“LIFE was a once-in-a-life experience for me. At first, it was hard, stressful and emotionally stretching, but as I went deeper and deeper into the program, I started looking at things in a more positive and optimistic way. I realized I am full of energy and enthusiasm and I will show it to the world out there!”

Valentina Zaccaron, CIMBA MBA, Class of 2010

“I approached LIFE not knowing what to expect, but with the determination to overcome barriers and break down walls keeping me from success in many aspects of my life. After completing the CIMBA LIFE program, I gained exponential improvement in the quality of my personal relationships and my professional performance. Now, I consistently receive positive feedback on my leadership skills.”

Diana Robazza – Brand Manager, Marcolin

During LIFE, I was able to touch sides of my personality I didn't even know existed. The outstanding course leaders introduced me to excellent instruments for continuous improvement in the way I see people around me and in the way I interact with them. I am now much better at improving their performance as well as my own.”

Paul Rindler, Branch Manager, Rehau

“LIFE is an exciting program combining practice and theory in a well-balanced mix. I learned how to get the best out of myself and my team. Through direct leadership and teamwork experience, LIFE teaches best practices and skills that I apply every day in my work. This program really had an impact on the way I manage and deal with people.”
