

Phi Beta Delta

"Phi Beta Delta was my favorite part of CIMBA! We got to do all kinds of fun events, and it was a great way to get to know the other Italian students." – Kasia Kurowska – Spring 2010

A truly International Experience!

CIMBA's Epsilon Tau of Phi Beta Delta has brought a new meaning to being an international honors society. The vision & goal of our established chapter is to continue the Phi Beta Delta traditions of recognizing those students striving for both international & academic experience through the Epsilon Tau Chapter.

"Being a part of Phi Beta Delta was a unique experience that I will never forget. Giving back to the community that gave so much to me was gratifying. I enjoyed taking a trip to a local vineyard and learning how to make wine. My favorite event of the semester was learning how to make homemade tiramisu and I must admit I still make it back here in the States!"
-Michael Brock
Fall 2009

Paderno del Grappa, Italy

CIMBA is located in the beautiful Veneto Region in Northern Italy. Students come from universities across the United States to study business, journalism, and communication in an international environment. CIMBA is known for its dedication to academics and its Leadership Development programs.

CIMBA is more than your normal study abroad program!

Optional activity for outstanding students

"Pick up Paderno was a great way for the students to give back to a community that graciously welcomed us in and were so hospitable during our semester abroad."

*-Allyson Lingerfelt -
Fall 2009*

Students in Phi Beta Delta get to participate in special club events. The most popular trip is to a local Prosecco Vineyard. The CIMBA campus is located in the Veneto region that is renowned for its climate to grow grapes and wine production.

Examples of Phi Beta Delta activities

- Community Service
- Italian interaction
- Tiramisu making
- Gelato parties
- Olive picking
- Add a Seat to the table
